

Transportation & Distribution

Winnipeg

MANITOBA, CANADA

Winnipeg is the hub and transportation powerhouse of the Canadian prairies. The tri-modal city has access to air, truck, and rail transportation - and is the only major city between Thunder Bay and Vancouver with direct rail connections to the United States via three Class 1 carriers. Whether you're in the transportation industry or you just need to ship products fast, your business will grow farther in Winnipeg.

6,600

GROWING YOUR
BUSINESS HERE

Market Access Advantages

Winnipeg is perfectly positioned for your business to take advantage of the North American Free Trade Agreement (NAFTA), Canadian-European Union Comprehensive Economic and Trade Agreement (CETA), and Canada-Korea Free Trade Agreement (CKFTA):

- Maximize value and increase your international market access from Winnipeg
- Duty-free access to 800+ million consumers

CentrePort Canada

North America's largest trimodal inland port and Canada's first designated foreign trade zone. Encompassing 20,000 acres, Centreport includes the James Armstrong Richardson International Airport, with a 700-acre rail park currently in development.⁶

Rail One of only two Western Canadian cities with access to three Class 1 rail carriers⁶

Road "Five minutes to 55 mph" (90km) using the CentrePort Canada Way expressway⁶

Air 24/7 airport with no slot restrictions and 300,000 sq. ft. of warehouse space⁶

E-commerce Logistics

For order fulfillment, there is no better place than the centre of the continent

Affordable Warehousing Industrial space that is 25% below the national average⁷

Access to the United States One hour from the fourth largest U.S./Canada border crossing in export value⁸

Excellence in Road Transport Home to two of the top 10 trucking companies in Canada⁹

Labour Advantages Third highest productivity among all provinces, 9% higher than the national average¹⁰

Did you know?
Winnipeg is home to CN's 100,000 sq. ft. Canadian training centre, hosting about 350 employees per week
