

Life Sciences

Winnipeg

MANITOBA, CANADA

Winnipeg, Manitoba is a remarkable centre of discovery. When you delve into the region's synergies in biotechnology, manufacturing, world-class research centres, agriculture, informatics, e-health & big-data analytics, you'll understand why. Manitoba is dedicated to clean tech and sustainability and offers a great environment in which to invest. Let us show you why Winnipeg is right for your life science company.

 **400**
life science companies¹

 **2,400**
life science employees¹

Life science sector earned
 **\$2.5 billion** revenue
in 2016²

 60,000+ annual
post-secondary
students enrolled

10,000+
graduates every year³

Why Winnipeg?

Cost Advantages

Most cost-competitive city in the U.S. and Western Canada in R&D and manufacturing⁴

Supportive Government

Among the best R&D tax environments in Canada

Affordable Energy

Among the lowest published hydroelectric rates in North America⁵

Central Location

North America's geographic centre with the continent's largest trimodal inland port⁶

Invest in Winnipeg

Winnipeg is home to many thriving life science companies

Emergent Biosolutions
• Occupies 165,000 sq. ft.
• Global company's only Canadian research centre located in Winnipeg

Delta 9 Cannabis
• Occupies 180,000 sq. ft.
• Industry leader in developing cannabis-related technology, including innovative grow pods

Conviron
• Occupies 74,000 sq. ft.
• World's largest supplier of plant growth chambers, headquartered in Winnipeg

GROWING YOUR
BUSINESS HERE

Government Support for Business

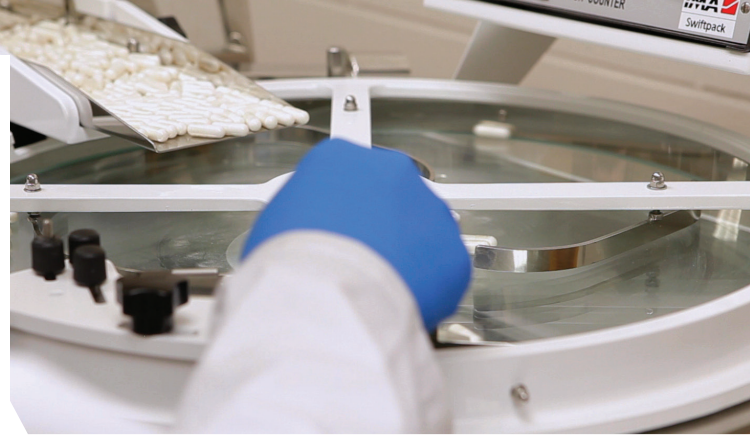

All three levels of government are focused on economic development in Winnipeg, and setting the stage like never before to encourage and support investment.

Scientific Research & Experimental Development Credit Up to 50% reimbursement on eligible commercial R&D activities thanks to best-in-country provincial top-up credit

Manufacturing Investment Tax Credit 9% provincial tax credit on capital costs for use in manufacturing

Manitoba A Provincial Powerhouse for Research & Development

38 life science R&D centres employ internationally-recognized researchers and scholars

Industry Association

The voice and organizational nucleus of Manitoba's bioscience industry. Through its training and development programs, BAM drives Manitoba's bio-science community forward, providing members with valuable resources, information, and opportunities to grow.

Did You Know?

Winnipeg is home to the **only Level 4 bio-containment lab in Canada**, the facility that created the ebola vaccine

58% of Manitoba's life science employees have a **post-secondary education**⁷, **exceeding the national average by 12%**

Life Science Exports

Winnipeg exports a variety of products including pharmaceuticals, medical equipment/devices, chemicals, pesticides, and fertilizers.

Manitoba exports by revenue in 2017:

\$1.16 billion⁸

Endnotes:

1. In the Winnipeg Census Metropolitan Area, Statistics Canada, 2017
2. Bioscience Association of Manitoba, 2016
3. In Manitoba, Statistics Canada, 2017
4. KPMG, 2016
5. Manitoba Hydro, 2018
6. CentrePort Canada, 2018
7. Bioscience Association of Manitoba, 2017
8. In Manitoba, Statistics Canada, 2018
