

High School Technical Training Webinar

An Information Session about High School Technical-Vocational and Apprenticeship Manitoba–Accredited Programs

Manitoba Education and Apprenticeship Manitoba are collaborating to create a webinar for high school trades teachers and administrators. This webinar is available for teachers, school counsellors, and school leaders who offer Manitoba’s **14 eligible accredited TVE high school trades programs**.

The purpose of the session is to provide

- an overview of technical-vocational education curriculum, Apprenticeship Manitoba standards, and breakdowns of the hours required for practical and theoretical learning
- an overview of Apprenticeship Manitoba’s Red Seal trades program/pathways and training standards development practices, including an update on the harmonization initiative, exam development, and accreditation review
- additional information on blended learning models and distance learning resources and technology supports

Webinar Information

The High School Technical Training Webinar: An Information Session about High School Technical-Vocational and Apprenticeship Manitoba–Accredited Programs will be launched **live on October 8, 2020**, and educators can register for this webinar by filling out the attached registration form.

- For those who are unable to attend the live webinar, the session will be recorded for future viewing. Educators will be able to register to view the webinar by completing the attached registration form and checking off *request access to webinar recording*.
- Manitoba Education and Apprenticeship Manitoba will be offering opportunities to book Question and Answer sessions in October and November following the webinar. Please indicate your interest in attending these sessions on the attached registration form.
